

Car Call UK work with Accident Repair Centres, Dealerships and Insurance Brokers throughout the U.K. We provide a hassle FREE service arranging like for like replacement vehicles, or repairs with no excess to pay following a non fault accident. We can manage all aspects of your claim giving you **Total Accident Care**, taking away any unnecessary worries at an already difficult time, while keeping you mobile.

Next Steps

Car Call will manage your entire claim. We will confirm liability and let you know what services are available to you. Simply call us on **02392 484244** and we can advise you on all aspects of your accident.

You choose to:

1. Either have a replacement car of similar size and class delivered to your door while your car is off the road, unroadworthy or being repaired.
2. Let us know if you require our Approved & Funded Repair service for your car.
3. Arrange repairs at an Approved Repair Centre, including recovery and delivery of your vehicle.

Lisa Chewter from Hampshire's comments were:

"Great service, quality replacement car delivered to my door, everyone was so helpful, it took all the hassle away from my claim, and it didn't cost me a penny!"

All costs were recovered from the at fault drivers insurer

"We give you fast expert advice and our service is **hassle free**"

FAQ's

Q. How can I protect my no claims discount?

A. If your claim is non-fault, **Car Call** can claim directly from the at fault driver's insurance company. So **NO NEED** to claim on your own insurance policy.

Q. When will I get my replacement vehicle?

A. If your vehicle is undriveable your replacement vehicle will be delivered immediately. If your vehicle is repairable your hire will begin on the date your vehicle goes in for repair, until repairs are completed.

Q. Who will pay for the replacement vehicle or repair costs?

A. **Car Call** will recover all costs from the responsible driver's insurance company on your behalf, taking the hassle and worry away following your accident.

Q. Will I have to pay my policy excess?

A. No policy excess to pay when using a **Car Call** Approved Repairer for funded car hire + repair service.

If you choose the car hire only option, and make a claim on your comprehensive insurance, you will need to pay any policy excess you may have to the accident repair centre once repairs are completed. However keep your receipt and we can recover this cost for you.
